

Recommended cycle specifications

Play Together on Pedals Cycle Grants support communities and nurseries to get a starter fleet of bikes. This will typically include five bikes (3 x balance bikes and 2 x pedal bikes) plus helmets (adjustable sizing). Your local bike shop should be able to help you identify appropriate bikes by using this specification sheet

Balance Bike

- Aluminium frame
- 12" Wheels and pneumatic tyres
- Quick release seatpin bolt (or allen key fitting)
- Rear brake with child specific brake lever
- Scoop saddle (recommended)
- Steering limiter
- Narrow rear hub (less than 126mm)

Pedal Bike

- Aluminium frame
- 14" wheels
- Quick release seatpin bolt (or allen key fitting)
- Front and rear brakes (v-brakes or cantilevers)
- Short-reach child specific brake levers
- Short cranks (130mm max)
- Single speed
- Narrow bottom bracket
- Stabilisers removed
